

A) patellofemoral pain

B) non-specific injuries

medial

lateral

medial

lateral

Greater pronation velocity (left foot);
less pronation velocity (right foot)

greater maximal
abduction velocity

greater maximal eversion
position; maximal eversion
excursion; mean eversion
velocity; time to max eversion;
max eversion velocity; 3-D
pronation excursion

greater max
re-inversion velocity;
mean re-inversion
velocity
